#### **Course Description Form**

1	Cource	Nama	

Advanced cost accounting 2

2. Course Code:

کم 2444

3. Semester / Year:

second semester 2023-2024

4. Description Preparation Date:

1/9/2023

5. Available Attendance Forms:

Student attendance

6. Number of Credit Hours (Total) / Number of Units (Total)

60 hours per course / 60 units

7. Course administrator's name (mention all, if more than one name)

Name: Dr.Muthana F. bader
Name: Dr.Salime K. Khaled
Email: Mothana \_faleh@uomosul.edu.iq
Email: Salim.khaleel@uomosul.edu.iq

8. Course Objectives

### The program aims to equip students with the knowledge and skills necessary to understand, analyze, and apply advanced cost accounting methods through:

#### Course Objectives

- Introducing students to advanced cost accounting methods and the use of advanced tools and analysis such as budgeting and standard costing, activity-based costing, and just-in-time production systems.
- Enhancing communication skills, both written and oral, to present and analyze financial results.
- Developing critical thinking skills: to analyze cost data and make decisions.
- Strengthening analytical skills: to solve operational cost problems and improve operational efficiency.

#### 9. Teaching and Learning Strategies

#### Strategy

#### **Auditory Learning Strategies:**

Auditory learners thrive when they can hear and process information. They of prefer learning environments that incorporate lectures, discussions, and other ver activities. Some effective auditory learning strategies include:

- Group Discussions
- Presentations:.
- Lectures:

Week	Hours	Required Learning	Unit or subject	Learning	Evaluation
		Outcomes	name	method	method
1 <sup>st</sup>	4	cognitive and skill-based domain	Cost allocations, traditional and activity based	Lecture	Oral and Written Assessments
2 <sup>nd</sup>	4	cognitive and skill-based domain	Activity based costing	Lecture	Oral and Written Assessments
3 <sup>ed</sup>	4	cognitive and skill-based domain	Exercises and practices for ABC	Lecture	Oral and Written Assessments
4 <sup>th</sup>	4	cognitive and skill-based domain	Inventory Management, Just – in- Time, and simplified costing methods	Lecture	Oral and Written Assessments
5 <sup>th</sup>	4	cognitive and skill-based domain	Backflush costing	Lecture	Oral and Written Assessments
6 <sup>th</sup>	4	cognitive and skill-based domain	Exercises and practices for JIT	Lecture	Oral and Written Assessments
7 <sup>th</sup>	4	cognitive and skill-based domain	Joint products and by products	Lecture	Oral and Written Assessments
8 <sup>th</sup>	4	cognitive and skill-based domain	Approaches to allocating joints costs: Sales value at spilt off method	Lecture	Oral and Written Assessments
9 <sup>th</sup>	4	cognitive and skill-based domain	<ul><li>physical units method</li><li>market based</li></ul>	Lecture	Oral and Written Assessments

			methods		
10 <sup>th</sup>	4	cognitive and skill-based domain	Exercise and practices	Lecture	Oral and Written Assessments
11 <sup>th</sup>	4	cognitive and skill-based domain	Sales variance analysis	Lecture	Oral and Written Assessments
12 <sup>th</sup>	4	cognitive and skill-based domain	Sales variance analysis - Budget and actual data - flexible budget variance - Static budget variance - Sales volume variance	Lecture	Oral and Written Assessments
13 <sup>th</sup>	4	cognitive and skill-based domain	Sales mix and yield variance - Sales quantity variance - Sales mix variance - Market share and market size variance	Lecture	Oral and Written Assessments
14 <sup>th</sup>	4	cognitive and skill-based domain	Exercise and practices	Lecture	Oral and Written Assessments
15 <sup>th</sup>	4	cognitive and skill-based domain	Exercise and practices	Lecture	Oral and Written Assessments

Distributing the score out of 100 according to the tasks assigned to the student such as daily preparation, daily oral, monthly, or written exams, reports .... etc
