# Academic Program and Course Description Guide

Department of Financial and Banking Science  
2025/2026

Bologna Process

## 1. Program Vision

The department seeks to consolidate academic and scientific work in the various specializations of financial and banking sciences and to follow up on recent theoretical and applied developments related to them, in addition to providing students with supportive practical skills in the science of accounting and electronic calculators so that they become leaders qualified to work in banks, financial markets and other financial institutions, as well as supporting the process of research and writing. For professors and teaching staff of the department.

## 2. Program Mission

Qualifying scientific and academic cadres who can keep pace with scientific developments in the field of specialization and establishing a large knowledge base capable of analysing, predicting and measuring the various branches of this science, as well as qualifying competent students equipped with science, knowledge and experience in practicing professional work, and striving to harmonize with the requirements of ensuring the quality of education.

## 3. Program Objectives

The department seeks to reach and achieve the following goals:

1. Consolidating academic and methodological study in financial and banking sciences.
2. Preparing students scientifically and academically and providing them with the necessary skills for banking and financial work.
3. Keeping pace with recent developments in the field of specialization by developing scientific curricula in the department.
4. Preparing research and studies and writing solid scientific books in the field of financial and banking sciences.

5. Encouraging and developing cooperation and communication with various financial and banking institutions with the aim of providing advice, suggestions and policies that enable them to overcome the economic and financial problems they face.

6. Follow up on the latest developments that occur in financial and banking variables, both national and international, and attempt to study, analyze, and draw conclusions from them.

7. Effective communication between scientific cadres in the scientific department and various financial and banking institutions in society, and emphasis on scientific research through postgraduate programs.

#### 4. Program Accreditation

Does the program have program accreditation? And from which agency?

NO

#### 5. Other external influences

Is there a sponsor for the program?

NO

| 6. Program Structure     |                   |              |            |          |
|--------------------------|-------------------|--------------|------------|----------|
| Program Structure        | Number of Courses | Credit hours | Percentage | Reviews* |
| Institution Requirements | 7                 | 18           | %15        | basic    |

 كلية الإدارة والاقتصاد  
 قسم العلوم المالية والمصرفية

## 1. Expected learning outcomes of the program

### Knowledge

|  |   |
|--|---|
| Learning Outcomes 1  | Learning Outcomes Statement 1                                 |
| Providing students with knowledge of all program specializations | Knowledge of all program specializations at an advanced level |

### Skills

|  |  |
|--|--|
| Learning Outcomes 2  | Learning Outcomes Statement 2  |
| The ability to discover problems and solve them in modern ways                       | Discovering problems and solving them in modern ways                           |
| Learning Outcomes 3  | Learning Outcomes Statement 3  |
| Developing capabilities to use modern technologies in financial and banking sciences | The possibility of using modern technologies in financial and banking sciences |

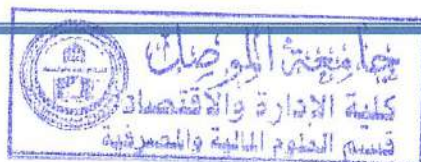

### Ethics

|  |                               |
|--|-------------------------------|
| Learning Outcomes 4  | Learning Outcomes Statement 4 |
| Developing the required skills and self-development                  | Self development              |
| Learning Outcomes 5  | Learning Outcomes Statement 5 |
| Developing interest and persistence in learning regarding the course | Persistence in learning       |

## 2. Teaching and Learning Strategies

Teaching and learning strategies and methods adopted in the implementation of the program in general.

- Lecture with discussions
- smart board

- Power Point
- questions and answers
- Preparing reports according to approved vocabulary
- Daily tests
- Monthly tests
- End of semester tests

### 3. Evaluation methods

Implemented at all stages of the program in general.

**Daily, monthly and quarterly tests**

| 1. Faculty          |                                |                      |   |          |                              |         |

| assistant Lecturer  | Science in statistics          | Operations research            |  | Computer |       | Lecture |

## Professional Development

### Mentoring new faculty members

- Developing multiple administrative skills among new faculty members, such as working in a team or decision-making skills in academic and administrative work.
- Adding changes in the performance of the new faculty member that are consistent with the changes and requirements of the times.

### Professional development of faculty members

- Developing the faculty member's skills in relying on modern technology and innovating new alternatives in learning.
- Disseminating the principle of education, continuing education, and lifelong learning among faculty members, which plays a major role in the success of achieving the goals of professional development programs.
- Raising the skill level of the faculty member in the field of teaching, scientific research, administration, and community service.
- Adding changes in the faculty member's performance that are consistent with the changes and requirements of the times.

## 2. Acceptance Criterion

(Setting regulations related to enrollment in the college or institute, whether central admission or others)

*Central admission– Special government admission (parallel)*

## 3. The most important sources of information about the program

State briefly the sources of information about the program.

- Methodical books
- Extracurricular books
- Scientific research
- Theses and dissertations within the program

#### 4. Program Development Plan

- Qualifying faculty members who hold a master's degree towards obtaining a doctorate degree, whether from inside or outside the country, in the program's specialty.
- Developing faculty members who hold the title of teacher and assistant teacher towards higher academic titles.

Program Skills Outline
