

Course Description Form

1. Course Name:	
Principles of agricultural extension	
2. Course Code:	
PAEX206	
3. Semester / Year:	
Spring semester/ 2023-2024	
4. Description Preparation Date:	
1/2/2024	
5. Available Attendance Forms:	
My presence	
6. Number of Credit Hours (Total) / Number of Units (Total)	
30 theoretical hours / 2 (units)	
7. Course administrator's name (mention all, if more than one name)	
Name: Hafsa Fattah Hadi Jassim Al-Anzi	
8. Course Objectives	
Course Objectives	<p>Introducing students to the importance of agricultural extension</p> <p>Introducing students to the objectives of agricultural extension</p> <p>Enabling students to understand and know the agricultural extension system</p> <p>Introducing students to the principles of agricultural extension</p> <p>Introducing students to the philosophy of agricultural extension</p>
9. Teaching and Learning Strategies	
Theoretical	
- Interactive lecture	work
-Brainstorming	There is no work
- Dialogue and discussion	

- Assigning tasks and reporting practical

10. Course Structure

Week	Hours	Required Learning Outcomes	Unit or subject name	Learning method	Evaluation method
The first	2 are theoretical	Theoretical:a1 The student determines the philosophy of agricultural extension, its characteristics and goals.	The theoretical concept of agricultural extension	Lectures, audio media, reports, pictures, and other learning methods related to the lesson	Discussion s, Oral exams
The second	2 are theoretical	Theoretical: a2 The student learns about the nature of communication and cooperation between agricultural extension and agricultural research agencies.	Theoretical The concept of agricultural extension	Lectures, audio media, reports, pictures, and other learning methods related to the lesson	Discussion s, quotes
the third	2 are theoretical	Theoretical : b1 The student gets acquainted with the philosophical ideas related to counseling work	Theoretical Agricultural guide	Lectures, audio media, reports, pictures, and other learning methods related to the lesson	Oral exams, discussions, quizzes

جامعة الموصل
كلية الزراعة والغابات

the four	2 are theoretical	Theoretical: a3 The student identifies social change in the field of agriculture, its sources, levels, and causes. .	Theoretical The importance of agricultural extension	Lectures, audio media, reports, pictures, and other learning methods related to the lesson	Reports, discussions, quotes
The Fifth	2 are theoretical	Theoretical: a4 The student identifies social change in the field of agriculture, its sources, levels, and causes. .	Theoretical Principles of agricultural extension Principles of agricultural extension Scientific visit	Lectures, audio media, reports, pictures, and other learning methods related to the lesson	open book tests, discussions, quizzes
VI	2 are theoretical	Theoretical: b2 The student highlights his knowledge of the relationship of adult education with other sciences.	Theoretical Agricultural extension philosophy Theoretical Social change in agriculture	Lectures, audio media, reports, pictures, and other learning methods related to the lesson	Discussion s, quotes

Seventh	2 are theoretical	. Theoretical: b3 The student highlights his knowledge of the relationship of adult education with other sciences.	Theoretical Adult Education	Lectures, audio media, reports, pictures, and other learning methods related to the lesson	Reports, Discussion s, Quotes
VIII	2 are theoretical	Theoretical: a5 The student learns about the elements and objectives of the educational process	Theoretical Elements of the educational process	Lectures, audio media, reports, pictures, and other learning methods related to the lesson	Oral exams, discussions, open book exams
Ninth	2 are theoretical	Theoretical: a6 The student should be able to know adoption, the factors involved, and identify categories of adoptees.	Theoretical Adoption Theoretical Communication in agricultural extension	Lectures, audio media, reports, pictures, and other learning methods related to the lesson	reports, discussions, open book tests,

The tenth	2 are theoretical	Theoretical: a7 The student learns about communication and its role in agricultural extension.	Theoretical Communication in agricultural extension	Lectures, audio media, reports, pictures, and other learning methods related to the lesson	discussions, quizzes, Reports,
eleventh	2 are theoretical	Theoretical: a8 The student learns about the classification of counseling methods and their types.	Theoretical Agricultural extension	Lectures, audio media, reports, pictures, and other learning methods related to the lesson	Discussion s, Quotes Open book tests,
twelfth	2 are theoretical	Theoretical: b4 The student determines the guidance methods and their role in delivering the guidance message to the recipient.	Theoretical Mass counseling methods	Lectures, audio media, reports, pictures, and other learning methods related to the lesson	reports, discussions, quizzes
Thirteenth	2 are theoretical	Theoretical: a9 The student learns about the role and tasks of the leader in extension work and his communication with opinion leaders in the	Theoretical Leadership and its types	Lectures, audio media, reports, pictures, and other learning methods related to the lesson	Exams, reports, discussions, quizzes

		local community.			
fourteenth	2 are theoretical	Theoretical: b5 The student determines the specifications and functions of management	Theoretical Guidance management	Lectures, audio media, reports, pictures, and other learning methods related to the lesson	Exams, reports, discussions, quizzes
Fifteenth	2 are theoretical	Theoretical: b6 The student identifies the importance of field and office visits and personal letters in extension work	Theoretical Guidance visits to discuss the report	Lectures, audio media, reports, pictures, and other learning methods related to the lesson	Open book tests, reports, discussions, quizzes

11. Course Evaluation

	Evaluation methods	Evaluation date	(week) Grade	Relative weight %
1	Final theoretical report	reports: week (15)	13 Theoretical	13%
2	Short test (1)	week (3)	6 theoretical	6%
3	Midterm exam (theoretical)	week (9)	15 theoretical	15%
4	A short test (2)	weeks (12)	6 theoretical	6%
6	Final theoretical exam	theoretical	60	60%

		exams week		
	Total		100	100%

12. Learning and Teaching Resources

Required textbooks (curricular books, if any)	Agricultural extension book - lectures on agricultural extension principles
Main references (sources)	Introduction to agricultural extension book Agricultural extension science
Recommended books and references (scientific journals, reports...)	Agricultural extension, its basics and applications
Electronic References, Websites	Various Internet sites using the Google engine (related to the subject of principles of agricultural extension)

Theoretical teacher

lect. Hafsa Fattah Hadi

Head of the Scientific Committee,

Prof. Dr., Arkan Muhammad Amin

Head of the Department

Assist.Prf Nofal Issa Muhaimed
