

No.	The title of the book	The frontispiece of the book
Department of Civil Engineering		
1	Flexible pavement Distresses "Causes and Maintenance"	
2	Behaviour Study of Perfobond Shear Connector	
3	Non Linear Analysis of High Strength Fibrous Reinforced Concrete	
4	Deterioration Mechanism of Stones in Iraqi Historical Building	
5	Load-Settlement Behavior of Footing on Saturated Unsaturated Soils	

Department of Mechanical Engineering

6	<h3>COMPRESSIBLE FLUID FLOW (A CONCISE INTRODUCTION)</h3>	
---	---	--

Department of Computer Engineering

7	<h3>Voice Transmission Over Wireless Sensor Network (VOWSN) System</h3>	
8	<h3>New Trends in Network Cyber Security (Part 1)</h3>	
9	<h3>Power Consumption Analysis of Wi-Fi Access Point</h3>	
10	<h3>The Revolution of Green Wireless Communication infrastructure</h3>
