

Dear all,

The Department of Mining Engineering at the College of Petroleum and Mining Engineering, University of Mosul, would like to invite you to participate in a survey of disciplines and curricula and their applications in your institutions after visiting the department's website on the following links:

uomosul.edu.iq كلية هندسة النفط والتعدين-جامعة الموصل

<https://uomosul.edu.iq/pages/ar/petroleumEngineering/39558>

In this survey, we would like to ask you about your opinion of the department, your institution's support for research and study in it, as well as your view on the best methods that can be followed in teaching and training students and developing teaching staff.

The survey is available in Arabic and English.

The survey will take approximately 5 minutes to complete, your answers are confidential and will be combined with the opinions of other participants and analyzed in aggregate.

Thank you for your valuable time, we will send you a high level overview of the survey results.

Take the survey:

If you are unable to use the button above, you can copy and paste the link into your browser to take the survey:

Please note that the survey will remain open

Your participation in the survey will help us better understand the department's landscape, and we hope to be able to create a specific taxonomy that looks at this important area.

In the event of an inquiry or suggestion from you, please do not hesitate to contact us and send us an e-mail:
