

The Third Annual Festival of Sustainable Development

University of Mosul
Sustainable Development Festival
21-24, April 2025

Project Name: Medicinal Plants Herbarium of College of Pharmacy

Highlights:

- Establish an applied educational medical herbarium at the College of Pharmacy to serve as a practical platform to introduce students to medicinal plants.
- Raise health awareness in the community by disseminating information about the benefits of medicinal and aromatic plants in improving public health.
- Adopt a responsible consumption and production approach by cultivating desirable and health-promoting plants and directing their use in a sustainable manner.
- Contribute to climate action by increasing green spaces through the cultivation of medicinal plants, which contribute to improving the environment and mitigating the effects of climate change.

College: Pharmacy

Sustainability Goals(17-1):

Goal 3: Good Health and Well-being

Goal 4: Quality Education

Goal 12: Industry, Innovation and Infrastructure

Goal 13: Climate Action

Funding Information: This project was part of the 3rd annual Festival of Sustainable Development (SDF) (project No. 1/3) supported by the University of Mosul (UOM).
