

Form Description Course

1. Name of the course	
Introduction to Political Science	
2. Course code	
101 pcp	
3. semester/year	
2024 - 2025	
4. Date this description was prepared	
2024/9/11	
5. Available attendance forms	
My presence	
6. (Number of units (total / (Number of study hours (total	
) 3 and one hours (90) The total is units hours and study Number of / Two hours per week academic unit	
7. (mentioned is one name than if more) administrator course the of Name	
Dr. Zaid Rafi Sultan : Amil zrsd2020@uomosul.edu.iq	
8. the decision of goals The	
<ul style="list-style-type: none"> It provides a concise summary of the course 's main features expected of the student, and the learning outcomes demonstrating whether he or she has made the most of the available learning opportunities . It must be linked to the . program description The course aims to establish scientific knowledge of the subject ntify its characteristics and features, and of political science, ide address the theories of foreign trade and the nature of global .economic systems Striving to develop creative thinking in the student, which focuses on the ability to recall information or experiences in his mind and propose quick alternatives, as well as stored .striving to develop his cognitive thinking Developing students' skills in understanding political science topics by bridging theoretical studies with current reality in line .requirements with labor market Expanding the student's horizons in understanding the Introduction to Political Science foundations upon which the knowing the variables that stand as an obstacle ' course is based to international exchange , and knowing what is meant by .litical concepts and theoriespo Providing a balanced scientific understanding of the foundations of political science principles in a simplified and understandable manner, covering most of the vocabulary and within the topics of interest to students and which fall specializations of the undergraduate stage in political science, striving to better understand and comprehend the basic components and principles of political studies within the .framework of political theory 	Course objectives

9. strategies learning Teaching and

Strategy

- .Lectures accompanied by explanation and clarification
- . based on the exchange of ideas Group discussion and dialogue strategy
- .Brainstorming strategy
- .Concrete example strategy
- . Modeling learning strategy
- .Educational bag strategy
- strategy; theoretical research and reports, evaluation and Project discussion
- . mapping and conceptual
- learning strategy via-EGoogle Classroom .and others
- Training strategy Safiya To participate In finding Solutions The occasion
- .strategy Teamwork or cooperative learning
- . Scientific competitions strategy
- .learning-Self
- .Scientific field visits
- . Video lectures
- .Using illustrative and practical examples to enrich the scientific mater
- .Discussion panels, seminars, workshops and research groups
- dealing with individual differences among students, A strategy for and taking into account the adoption of a special education strategy .for those with special needs, if any
- Presentation strategy: Present the material inPower Point format .
