Date:

the culture of democracy, human rights and public freedoms, dealing with its issues and developments and using all modern technologies to achieve excellence with stability and clarity, and achieving the highest level of interaction between the college and these institutions.

**Program mission:**

Working on preparing specialized cadres in political sciences in a way that enhances political culture and analytical ability to determine positions at various levels, as well as the ability to manage state affairs at the local, national and international levels, linking theoretical studies to real political data and events, and leadership in conducting field research and studies (applied) and putting them into practice, and transferring knowledge in order to serve and develop society. And in a way that ensures the construction of a system of integrated relations between regional and international academic and professional institutions to ensure compatibility between curricula and the development of educational skills to build and grow human capital.

**Program Objectives:**

Embodying the vision, mission and goals of the University of Mosul, and applying the best educational practices with a focus on ensuring and enhancing quality and performance. Preparing specialized cadres capable of serving the community and preparing for the preparation of future specializations. Developing students' capabilities in writing political research, and developing and developing the capabilities of college students towards analytical and creative thinking and sound strategic planning, in a way that ensures the preparation of specialists with a high level of knowledge in political sciences in a manner that is consistent with the responsibilities that await them in the field of professional work. Preparing specialized cadres capable of serving the community and preparing for the preparation

Date:

of future specializations. Preparing specialized cadres capable of working in the Ministry of Foreign Affairs, universities, international and regional organizations, and in all state institutions, civil society institutions, and media bodies. Continuous and ongoing development of continuing education programs in the field of political science with the aim of raising the skills and performance and leadership capabilities of state employees and activists in civil society institutions. Adopting and developing quality and academic performance accreditation standards to reach high levels of performance quality that enables the college to gain academic accreditation, by developing its academic and research programs, attracting qualified competencies, and strengthening cultural and scientific ties with reputable Arab, regional, and international universities and scientific research centers in a manner consistent with the labor market. Establishing fruitful partnerships with them, in addition to raising the level of administrative and financial achievement and providing the best services. Developing or amending political science curricula in line with the needs of the public and private labor market, in a manner that ensures the absorption of the college's outputs in that market. The college seeks to conclude scientific and cultural cooperation agreements with similar colleges and departments in different colleges to achieve the best practices in the fields of education and learning.

#### **Program Description:**

The number of courses for the four stages is (14) Subjects, with (28) Study units.

#### **First courses**

- 1- The Future of Cyberwarfare in Light of Artificial Intelligence and Its Impact on International Relations
- 2- The Intellectual Theses of the Frankfurt School of Criticism

NO:

Date:

- 3- The Challenges of Sustainable Development in Iraq and Ways to Address Them
- 4- The Environment of the Political System and Public Policymaking
- 5- Regional and International Competition and Conflict over Waterways: Selected Models
- 6- Non-Traditional Global Policy Issues and the 21st Century
- 7- The Environment of the International System in Light of Competition between New International Blocs

#### **Second courses**

- 1- Social Dynamics in Divided Societies
