

البحوث المنشورة العالمية والمصنفة في سكوبس وكلايفيت / قسم هندسة المكامن النفطية/ كلية هندسة النفط والتعدين

ت	سنة النشر	اسم الباحث	عنوان البحث	رابط البحث	اسم المجلة	نوع المجلة
1	2024	مروة حسان يحيى	Kinetic and Isothermal Investigation on the Excellent Adsorption Removal of Dibenzothiophene from Model Fuel over MnO/Activated Carbon Composite	https://doi.org/10.1134/S1070363224040200	Russian Journal of General Chemistry	سكوبس وكلايفيت
2	2024	مروة حسان يحيى	Co-Pyrolysis of a Binary Blend of Solid Biowastes in a Fixed-Bed Reactor for Bio-Oil and Carbon Adsorbent Production	https://doi.org/10.1002/ceat.202300312	Chemical Engineering & Technology	سكوبس وكلايفيت
3	2024	محمود سلمان احمد	Detecting the effect of soil compaction processes on the distribution of subsurface resistivity using 2D resistivity imaging	http://creativecommons.org/licenses	Iraqi National Journal of Earth Science	سكوبس
4	2024	رغد صبيحي فتحي	Developing sustainable building materials using industrial waste	https://journals.mejsp.com/u/documents	Middle East Journal of Scientific Publishing	عالمية
5	2024	بشرى عبدالله محمد	The effect of grain size on the distribution and fractionation of the major chemical trace and rare earth elements in shale, silt and sand rocks of the Muqdadia formation in north of Iraq	https://iopscience.iop.org/article/10.1088/1755-1315/1300/1/012017	IOP publishing	سكوبس
6	2025	مروة حسان يحيى	Response surface methodology optimized co-pyrolysis of mixed date seeds and chicken bones for bio-oil production	https://doi.org/10.1016/j.jitice.2025.106070	Journal of the Taiwan Institute of Chemical Engineers	سكوبس وكلايفيت
7	2025	ايمن محمود احمد	Using Electrical Resistivity Survey to Investigate Subsurface Geology in Northwestern Al-Anbar City, Iraq	Website of IGJ: http://igj-iraq.org	IRAQI GEOLOGICAL JOURNAL (IGJ)	سكوبس
8	2025	محمود سلمان احمد	Using Azimuthal Resistivity Survey Technique to determining Subsurface Fractures of Quaternary Deposits in the University of Mosul - Northern Iraq	DOI: 10.33899/earth.2024.146105.1219	Iraqi National Journal of Earth Science	سكوبس

البحوث المنشورة العالمية والمصنفة في سكوبس وكلايفيت / قسم هندسة المكامن النفطية/ كلية هندسة النفط والتعدين

سكوبس	Iraqi National Journal of Earth Science	https://iasj.rdd.edu.iq/journals/uploads/2025/02/17/e52520088f64cf9bfca6063c1f6616b9.pdf	Identification of Reworked (Contaminated) Early Cretaceous Dinoflagellate Cysts in the Butmah Formation (Early Jurassic) in Borehole Tel-Hajar-1.	ياسر حسن قدو	2025	9
سكوبس	Iraqi National Journal of Earth Science (INJES)	https://earth.uomosul.edu.iq/article_184208.html	Investigation of Petrophysical Properties of Butmah Formation (Early Jurassic) Using Well Logs of Selected Wells, Northern Iraq	مهي منيب الدباغ	2025	10
سكوبس	Bulletin of the Geological Society of Malaysia	https://gsm.org.my/articles/bgsm202579-09/	Static reservoir characterization of shallow marine carbonate rocks: A case study from the Late Triassic-Early Jurassic Sarki Formation, NE Iraq	مهي منيب الدباغ	2025	11
