

## College of Education for Pure Science – Department of Chemistry

### Postgraduate Students – Academic year 2021 - 2022

No.	Student name	Title of Thesis	Degree	Supervisor name
1.	Abeer Kais Younus Abdullah	Kinetics and thermodynamics for adsorption of some industrial food dyes using different adsorbent materials and study of their stability and factors affecting them	Ph.D	Prof. Dr. Khaleel Ibraahim Abdullah Al-Niemi and Dr. Mohammad Mahmoud Hussein Younes Al-Niemi
2.	Nawfal sheet mohammad	Isolation and determination of some antioxidant from medicinal plant and study its effect on biochemical parameters in rat liver which induced by hydrites	Ph.D	Prof. Dr. Khaleel Ibraahim Abdullah Al-Niemi and Dr. Mohammad Mahmoud Hussein Younes Al-Niemi
3.	Mayada Mahmoud Ali	Using prepared zeolite and comparing them with modified natural zeolite and studying the effect of bacterial activity and some chemical and physical properties of denture	Ph.D	Prof. Dr. Omar Younis Mohammad and Prof. Dr. Wathba Idrees Ali
4.	Raghad Amer Ahmed	Study the effect of fasting on the level of a number of parameters and enzymes in diabetic patients	Ph.D	Dr. Raghad Yousif Ghazal
5.	Fatma Mohammed Jabar	Development of analytical methods using different techniques for determination of some drugs in pure and pharmaceutical forms	Ph.D	Mohammed Abd Al-hadi Luma Abd Moinem

6.	Ikram Kadhem Othman	Development of analytical methods for determination of some drugs alone and in their binary mixtures using different analytical techniques	Ph.D	Theia'a Najim Al-Sabha and Shireen Othman Ismael
7.	Intisar Ghanem Taha	Inhibition of partially purified kalikrin enzyme from atherosclerosis patients by som Quercus fruit and thier effect in affected rats	Ph.D	Theia'a Najim Al-Sabha
8.	Omar Shafiq Bakr	Synthesis of a number of heterocyclic compounds and study their effects on some biochemical parameters in laboratory animals	Ms.c	Asst.Prof.dr. Nashwan Ibrahem Abo
