5th International Pedia Mediterranea Conference in Collaboration with Istinye University

3-6 March 2023

Granada Hotel & Convention Center, Belek, Antalya

Dear Esteemed Colleagues,

On behalf of the organizing committee of the 5th International Pedia Mediterranea Conference (IPMC), in collaboration with Istinye University and in affiliation with the Iraqi Pediatric Society, we welcome you to this exciting event.

This conference will feature internationally renowned speakers, scientists, and clinicians presenting topics designed to address concerns of all pediatric professionals who care for children around the world.

Our children deserve our dedication to building a future of health and safety for them.

We invite you to join in our education sessions, submit your research abstracts, and share your experience and results with the broad pediatric community in the beautiful setting of Antalya, Turkey.

Our scientific sessions, oral abstracts, and poster presentations will encourage thoughtful conversations and fruitful collaboration, with the future of global pediatrics enhanced as a result.

Our 2023 theme: "Whoever she is, wherever he lives, every child deserves a safe childhood, a future, and a fair chance."

We anticipate your support and attendance at the 5th International Pedia Mediterranea Conference, held in Antalya, Turkey, 2-5 March 2023.

We also encourage health care industries, nutrition and pharmaceutical companies to support this multinational event and be real partners of this noble vision.

Prof Najla Ayoub

Honorary President

Prof Khalaf Gargary

Conference President

Prof Ozan Ozkaya

Conference CO- President

5th International Pedia Mediterranea Conference in Collaboration with Istinye University

3-6 March 2023

Granada Hotel & Convention Center, Belek, Antalya

ABSTRACT SUBMISSION

Oral and poster presentations will be accepted.

After the abstracts are evaluated, the full texts of the oral presentations will be requested.

The deadline for submissions is October 20 January 2023, at 23:59.

Abstract evaluation results will be announced as of February 2, 2023.

Presentation Language must be English.

Your paper must be unique.

Your paper should not exceed 350 words.

Paper submission should not exceed the deadline for submission. Papers sent after the deadline will not be accepted.

Before the paper is sent, the owner of the paper and the authors involved in the paper should be sure about the final version of the paper, then it should be uploaded to the paper system.

The presenter must register as a participant.

Papers can only be sent via the online submission module. Email, fax etc. Papers submitted through the following methods will not be taken into consideration.

Presentation Preparation :

Before starting, please follow the steps below:

You must fill in the contact information of the person who will make the presentation.

- E-mail address
- Address information
- Telephone numbers where you can be reached during the day and in the evening
- Information about the author and other authors should be included in detail.
- Full name and surname information
- The author's name should contain uppercase and lowercase letters.
- Your institution information; the department, institute/hospital, city, country.
- Your paper title should be limited to 30 words, and CAPITAL LETTERS should be used.
- Your statement should consist of 350 words, including thank you notes.

Note: We recommend using Office programs for editing and word calculation of your article. (Example: Word, word processor, etc.)

* Use only standard abbreviations. A special place or unexpected abbreviations should be indicated with explanations in parentheses.

* Their brand should indicate drug names. Please describe the number of units.

Disclosure: If the authors have a financial affiliation, they must specify. The manufacturer/supplier of any advertising product or service associated with its business should be identified in an appropriate box on the presentation form.
