	The Department of Physics is considered one of the vital and important departments in the Colleges of Science, as it is related to the study of the laws and natural phenomena that form the foundation for understanding various fields of science and engineering. Physics is not just a science; it is a discipline that	Program Description	وصف البرنامج

	<p>directly impacts our daily lives and enhances the capabilities of societies through technology and innovation. The Department of Physics has been a fundamental and important department since its establishment in ١٩٦٤. Throughout these many years and until now, the department and its faculty members have continued to engage in pioneering research that supports the development of the country, making significant contributions to elevate the reputation of the department as one of the distinguished institutions by achieving the first rank among the physics departments in Iraqi universities according to the IRU classification for the year ٢٠٢٣-٢٠٢٢, in addition to providing prominent scientific and creative opportunities for many talented individuals. The Department of Physics has provided a scientific and creative environment for ٣,٠٢٨ graduates since its establishment, with ٦٠ graduation cycles.</p> <p>Students study under the supervision of laboratories that host various departments such as Life Sciences, Biophysics, and Renewable Energy. Master's studies began in ١٩٧٧, and doctoral studies in ١٩٩٥, with ٤٢٨ master's degree holders and ٨١ doctoral degree holders graduating, further enhancing the role of the ..department in higher education</p>
