	Bachelor in Biology	Degree Name	اسم الدرجة
	Undergraduate (Bachelor of Science)	Study Level	مستوى الدراسة
	٤ academic years, divided into ٨ semesters according to the Bologna Process.	Course Intensity	نوع الكورس
	Full Time	Study Mode	طبيعة الدراسة
	The department does not offer an MBA program	MBA Program Type	
			تفاصيل البرنامج
	Natural Sciences	Broad Subject Area	الموضوع العام
	General Zoology, Analytical Chemistry, Biophysics, General Botany, Organic Chemistry, Safety and biosecurity, Entomology I, Entomology II, Plant Anatomy, Invertebrates, Parasitology, Biochemistry I, Biochemistry II, Microbiology I, Microbiology II, Plant Taxonomy, Plant group, Cell Biology, Animal physiology, Plant physiology Ecology, Mycology, Laboratory analysis (Elective), Pollution, Genetics, Antibiotics (Elective) (Elective), Allelopathy, Comparative Anatomy, Embryology, Quantitative Genetics, Molecular biology, Immunology, Research project		Main Subjects:
		Custom Subject	الموضوع اذا لم يكن مذكور
	This specialization focuses on applying principles and techniques of microbiology	Specialization	الاختصاص

	to train professionals who support medical diagnosis, treatment, and research.		
	<p>The Biology Department at the University of Mosul, College of Science is dedicated to exploring the science of life in all its forms. Over a four-year program, students study the fundamental principles of microbiology, from bacterial metabolism and genetics to ecology, evolution, and pathogenesis. The curriculum combines classroom learning with hands-on laboratory experience, giving students the skills to investigate living systems at molecular levels. By understanding how bacterial cell works, this program prepares graduates for careers in research, healthcare, education, and environmental science.</p> <p>Students study fascinating topics such as Biotechnology and molecular biology. Alongside the students also explore bacterial biology and understand how they functions.</p> <p>In this program students spend plenty of time in labs and working on projects that give them hands-on experience. By the time they graduate, students have the skills and knowledge to work in hospitals, research centers, or companies that develop microbiology products.</p>	Program Description	وصف البرنامج
